

To be completed by Applicant

Section 1—Applicant Information

| | | | | |
|--|--|---|-------|-----|
| A. Project Name | | B. Submission Date (m/d/yy) | | |
| C. Provide a short project description. | | | | |
| <i>Enter information for the company or organization that may enter into an agreement with the Energy Trust of Oregon, Inc. if this application were to be selected for further review and negotiations.</i> | | | | |
| D. Company or Organization | | | | |
| E. Applicant Contact | | | | |
| F. Applicant Address | | City | State | Zip |
| G. Telephone | | H. Fax | | |
| <input type="checkbox"/> cell <input type="checkbox"/> office <input type="checkbox"/> home | | | | |
| I. Email | | J. Website | | |
| K. Business Classification | | | | |
| <input type="checkbox"/> Corporation <input type="checkbox"/> Individual/Sole Proprietor | | <input type="checkbox"/> Partnership <input type="checkbox"/> Other (<i>specify below</i>) | | |
| L. Describe the experience and credentials of the applicant organization or organizations. Attach additional sheets, if necessary. | | | | |
| M. List key personnel who will be involved in the proposed project, whether staff, consultants or contractors. Describe the experience, credentials, and role of each. If critical project development roles or functions have been identified, but have not yet been filled, please identify them and indicate that the role has not yet been assigned. Attach additional sheet(s), if needed. | | | | |

To be completed by Applicant

Section 2—Site Description

A. Is the landfill permitted? Yes No

If yes, list existing permits.

| Permit | Restrictions (if any) | Expiration Date |
|----------------|-----------------------|-----------------|
| Federal | | |
| State | | |
| Local | | |

B. When did landfill site open?

C. When did (or will) landfill close?

D. Quantity of waste in landfill?

E. Average depth of fill area?

tons

feet

F. What types of waste are (were) accepted at the landfill. Please indicate percentage of each type, if available.

G. If landfill is still open, how much waste will be received in the next 10 years?

tons

H. Is the landfill lined? Yes No

I. Has a landfill cap been installed (or will one be installed?) Yes No

Section 3—Gas Resource

A. Is a landfill gas collection system in place? Yes No

B. Does applicant own landfill gas collection system? Yes No

C. If applicant does not own landfill gas collection system, identify owner and attach contract terms.

Company or Organization

Applicant Address

City

State

Zip

Telephone

Fax

Email

D. Estimated Daily Landfill Gas Production (in cubic feet)

ft³

Form 920L
Full Application, Landfill Gas
Renewable Energy Programs—Biopower

To be completed by Applicant

G. Electricity required annually to operate the proposed system (parasitic load.) **MWh/yr**

H. Net annual generation of proposed system (gross output minus parasitic load.) **MWh/yr**

I. Will part or all of the electric output be used on-site to displace existing load(s)? Yes No

i. If yes, how much of the electricity output will be used for on-site purposes?

J. Identify anticipated use of thermal energy.

K. Parasitic Energy Uses

Identify major pieces of equipment, the fuels used by each and the capacity of each item.

| i. Equipment | ii. Connected Load (MW) | iii. MWh |
|---------------------|--------------------------------|-----------------|
| | MW | MWh |
| | MW | MWh |
| | MW | MWh |
| | MW | MWh |
| | MW | MWh |
| | MW | MWh |
| | MW | MWh |
| | MW | MWh |

iv. Estimate the volume of any make-up water required and the annual expense.

To be completed by Applicant

Section 5—Design Information

| A. Company or Organization Designing the System | | | | | | | | | | | | | | | |
|--|--|---------------|-----|---------|----------------|-----------|--|--|--|--|--|--|--|--|--|
| B. Design Project Manager | | | | | | | | | | | | | | | |
| C. Address | City | State | Zip | | | | | | | | | | | | |
| D. Telephone | <input type="checkbox"/> cell <input type="checkbox"/> office | E. Fax | | | | | | | | | | | | | |
| F. Email | G. Website | | | | | | | | | | | | | | |
| H. List two or three similar projects successfully completed by the designer. Provide the name and phone number of a contact person for each project. The Energy Trust of Oregon, Inc., reserves the right to contact these individuals. | | | | | | | | | | | | | | | |
| <table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th style="width:45%;">Project</th> <th style="width:25%;">Contact Person</th> <th style="width:30%;">Telephone</th> </tr> </thead> <tbody> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> <tr><td> </td><td> </td><td> </td></tr> </tbody> </table> | | | | Project | Contact Person | Telephone | | | | | | | | | |

| M. Email | | | |

To be completed by Applicant

Section 7— Site Utilities

If this project is an expansion of an existing renewable energy facility, please provide data only on the incremental generation.

Total annual energy consumed at this site (specify units.)

- | | | | | | |
|----------------|---------|--------------------|---------|----------------|---------|
| A. Electricity | (units) | B. Propane | (units) | C. Natural Gas | (units) |
| D. Oil | (units) | E. Other (specify) | (units) | | |

F. Identify the utility tariff(s) under which the site is served. Summarize the retail electricity rate paid at the proposed site. Where appropriate, include peak and off-peak rates, transmission and distribution charges, and demand charges.

G. Identify the interconnection point, the size of the interconnection, and any associated requirements. Attach any relevant documentation.

H. Describe your interconnection plan and attach relevant documentation.

I. Has a detailed interconnection study and cost estimate been prepared by the interconnecting utility? If so, please describe.

J. Can the serving utility provide inconnection to meet the projected energization date of your project?

K. Describe your progress in the interconnection process.

Section 8—Permits

A. I have contacted permitting agencies regarding this project and have identified the necessary permits.

- City
- County
- State

B. On an additional sheet, list and describe all city, county, and state permits required for this project, the duration of the permits, and the status of each, including planned steps, critical milestones and an acquisition timeline.

To be completed by Applicant

Section 9—Project Revenue

| | |
|-----------|---|
| A. | If you plan to sell power from this project to an electric utility, identify the initial sale price, the schedule for changes in the sale price over time, and the relevant tariff. |
| B. | What annual revenue do you expect from power sales, or what reduction in site operating expense do you project from offset electrical purchase. |
| C. | If applicable, specify the use of the project’s thermal output, and the value of this energy in terms of conventional energy sources displaced. Identify the capital costs, if any, for providing the thermal energy from a conventional source if the renewable option were not built. |
| D. | If applicable, identify any revenue-producing non-energy outputs, whether they will be used on-site or sold, and their sales value or value in terms of conventional products displaced. |
| E. | If applicable, identify any other opportunities or offsets that defray project costs (e.g., waste disposal fees avoided through using wood waste as fuel). |

Section 10—Project Financing

A. List all grants and other funding you expect the project to receive that are not project debt, lease obligations, or owner’s equity.

| Source (Organization or Agency and Funding Program) | Amount |
|---|--------|
| | \$ |
| | \$ |
| | \$ |
| | \$ |
| | \$ |

To be completed by Applicant

B. Describe the tax credits that should be available to the project, estimating the dollar values of the credits, and the years they will be received.

| Credit Description | Dollar Value | Years Received |
|--------------------|--------------|----------------|
| | \$ | |
| | \$ | |
| | \$ | |
| | \$ | |
| | \$ | |

C. List any operating leases by which the project owner/developer will obtain equipment.

| Equipment | Source | Terms |
|-----------|--------|-------|
| | | |
| | | |
| | | |
| | | |
| | | |

D. If the project construction will be funded with a construction loan, identify the following.

| Lender | Principal | Term | Loan Fees | Interest Rate | Payment Interval (monthly, quarterly) |
|--------|-----------|-------|-----------|---------------|--|
| | \$ | years | \$ | % | |
| | \$ | years | \$ | % | |

To be completed by Applicant

E. Identify the expected source of any project term financing and details of the loan.

| Lender | Principal | Term | Loan Fees | Interest Rate | Payment Interval (monthly, quarterly) |
|--------|-----------|-------|-----------|---------------|--|
| | \$ | years | \$ | % | |
| | \$ | years | \$ | % | |

F. Provide the dollar amount of owner equity that will be invested in the project.

| Owner or Principal | Amount |
|--------------------|--------|
| | \$ |
| | \$ |
| | \$ |
| | \$ |
| | \$ |

Section 11—Other Issues

A. Briefly identify any outstanding unresolved issues in your project plan.

B. List any attached, supplemental documents.

To be completed by Applicant

Section 12—Disclosure of Existing or Potential Conflicts of Interest

A direct or indirect actual or potential conflict of interest is defined as any situation in which Applicant has or may be reasonably construed to have a direct or indirect personal or financial interest in any business affairs of Energy Trust of Oregon, Inc., whether

- because of a proposed contract or transaction to which Energy Trust may be a party, in which Energy Trust may be interested, or which is under consideration by Energy Trust
- because such conflict is purely conceptual, because of similarity of business interests or affairs

Applicant agrees to promptly inform the Energy Trust in writing of any Conflict of Interest or potential Conflict of Interest which becomes apparent during review of this application.

Applicant is aware of existing or potential Conflicts of Interest.

Yes

No

If **yes**, please discuss below.

Section 13—Terms and Conditions

No Commitment

This application does not constitute an offer to enter into a contract with the Energy Trust, nor does it commit Energy Trust to enter into a contract or similar undertaking with the Applicant or any organization associated with the Applicant. Energy Trust reserves the right to suspend or modify the application process or to issue a new application that would supersede and replace this one.

Any commencement of negotiations in connection with this application does not signify a commitment by Energy Trust to execute a contract or to continue discussions with respect to the Applicant's organization. Any party involved in these negotiations can terminate contact at any time and for any reason. Energy Trust is under no obligation to pursue this application, or to disclose to the Applicant any information concerning its disposition of, or action on, the Application. Any recommendations or conclusions from this application process concerning the Applicant shall not constitute a right (property or otherwise). No binding obligation shall be created unless Energy Trust or its representative and the concerned parties execute a binding agreement. Any awards made by the Energy Trust as a result of this application will be subject to the terms of a definitive written agreement between the parties.

To be completed by Applicant

Confidentiality

Applications may be reviewed by any Energy Trust employee, Board member, or contractor. If Energy Trust uses an outside party to help review the application, it will require that party to sign a confidentiality agreement. Subject to litigation or other legal disclosure requirements, Energy Trust will not otherwise disclose information submitted in this application.

Waiver of Claims

Applicant waives any right it may have to bring any claim, whether in damages or equity, against Energy Trust, Energy Trust's Board of Directors, Energy Trust's Renewable Advisory Council, Energy Trust's agents, employees, or contractors with respect to any matter arising out of any process associated with this application.

Section 14—Applicant Certification and Signature

I hereby certify that:

1. Applicant is duly authorized to submit this proposal and the undersigned is authorized by the Applicant to submit this application to Energy Trust on Applicant's behalf;
2. The information provided by Applicant in this application, and any other related documents delivered to Energy Trust, is true, accurate and complete to the best of Applicant's knowledge;
3. Applicant has read, understands and agrees to all of the terms and conditions as set forth in this application;
4. Applicant understands and accepts that the approval or rejection of this application is within the sole discretion of Energy Trust;
5. Applicant understands and accepts that all costs associated with completing this application are the sole responsibility of Applicant and that the application and all materials submitted with it shall become the property of Energy Trust and shall not be returned to the Applicant;
6. Applicant authorizes Energy Trust to contact references and to investigate the business and personal financial credit history of the Applicant, its affiliates, and all associated partners, principals and management and authorizes the release of all said information to Energy Trust;
7. Applicant has included in this application all information necessary to ensure that the statements herein do not in whole or in part mislead Energy Trust as to any material fact; and
8. Applicant will report immediately in writing to Energy Trust any changes to the information contained herein at any time while this application is under consideration.
