

# START SAVING ENERGY TODAY

**SCHEDULE A HOME PERFORMANCE WITH ENERGY STAR®  
ASSESSMENT FROM ENERGY TRUST OF OREGON**

You'll learn how your home can be safe and comfortable, while working at peak performance and saving you up to 30 percent on heating and cooling costs.

Trade Ally of  
**EnergyTrust**  
of Oregon

As a Real Estate Professional trade ally, I can help you schedule a comprehensive assessment of your home. A specially trained and certified contractor will use diagnostic equipment to determine your home's energy loss and potential for energy savings.

### **Home Performance with ENERGY STAR can help you:**

- **Improve comfort, health and safety.** Your contractor will address problems that could lead to health and safety issues, and provide a customized energy-saving action plan for your home.
- **Build long-term home value and marketability.** Improvements can increase the durability and integrity of your home.
- **Get cash back when you make recommended improvements.** Energy Trust cash incentives can help offset the cost of energy-saving home improvements. You may also be eligible for state and federal tax credits.

Learn more about Home Performance with ENERGY STAR and watch videos of assessments in action at [www.energytrust.org/hp](http://www.energytrust.org/hp). Contact me to help schedule your assessment today.
