**Custom Incentives May Be Available**

Energy efficiency equipment not listed may still be eligible for custom incentives of 25¢/kWh and/or \$2.00/therm of annual energy savings, up to 50% of the incremental cost between standard and high-efficiency equipment.

To learn more about these and other incentives talk with your mechanical contractor and call the Production Efficiency program at 1.866.202.0576, or visit our website at [www.energytrust.org/industrial-and-ag/](http://www.energytrust.org/industrial-and-ag/).

Note: Most non-transportation customers of NW Natural or Cascade Natural Gas are eligible for the incentives through Energy Trust of Oregon, please contact us with any eligibility questions and enclose a copy of a recent gas bill with your application.
