

Gas Bundle Bonus Coupon

Receive a **\$100** bonus for each gas improvement made after the first improvement

You Can. Change the way you use energy.

Energy costs are increasing, so there's never been a better time to make your house as efficient as you can. Take action by installing multiple gas-saving home improvements. For a limited time, Energy Trust of Oregon will help you increase savings with special incentives for choosing 2 or more eligible installations. Because the more you do, the more you save.

Install **one** eligible energy-efficient gas improvement and then for every additional qualifying improvement installed after the first improvement, you will receive an extra **\$100 bonus**. There's no limit! Plus, you'll still collect your standard Energy Trust incentives.

For example, install a 90+ high-efficiency gas furnace during this limited time and receive a \$150 standard Energy Trust cash incentive, plus an additional \$50. Add a second qualifying improvement, such as attic insulation, and get the standard attic insulation incentive plus a \$100 bonus. Gas savings just got bigger!

For a list of qualifying gas improvements, visit www.energytrust.org/promotions or call 1-866-368-7878. To begin, choose a contractor to install your improvements from the online Energy Trust trade ally list, www.energytrust.org/contractors.

Energy Trust serves Oregon customers of Portland General Electric, Pacific Power, NW Natural and Cascade Natural Gas.

Instructions to claim the \$100 gas bundle bonus for qualifying improvements.

Dates of measure installation: _____ List of qualifying measures completed: _____

Customer information

Name: _____ Signature: _____

Address: _____ City: _____ State: _____ Zip: _____

Daytime phone: _____ Email: _____

Please mail this coupon, along with Universal Incentive Application Form 300A or HVAC Incentive Application Form 320H, and paid invoices for all qualifying installations **as an application bundle**, to:

Gas Promotions, Home Energy Solutions—Existing Homes
PO Box 847, Portland, OR 97207

Terms and Conditions: To be eligible for the gas bundle bonus, the following requirements must be met:

- Home must be heated by gas as the primary heat source to receive gas bundle bonus. All measures must be installed between September 1, 2008 and April 30, 2009. Incentive application forms 300A or 320H and this coupon must be received no later than June 30, 2009 to receive the \$100 bundle bonus. (Incentive application forms can be found at www.energytrust.org/residential/existinghomes/forms.html. Standard 120 day rule does not apply if you take advantage of gas bundle bonus.)
- All applications, paid contractor invoices and coupon must be submitted together to receive the appropriate bundle bonus amount.
- The gas bundle bonus is in addition to standard Energy Trust incentives for eligible improvements and is subject to all terms and conditions as set forth on Form 300A and 320H. Only one bundle bonus per household. Offer cannot be combined with any other bonus offer.
- The Gas Furnace Premium Installation and Gas Furnace Super-Efficiency Packages, as well as the Home Comfort Package for gas-heated homes, will not be valid during this limited time.
