Need-to-know information:

- Windows must be installed by a contractor with an active license to be eligible for incentives.
- Window dimensions must be clear for incentive to be processed. If window is nonstandard in shape, please indicate the shape of the window as well as all the dimensions.

This form is used as an addendum to online, 320C-WX incentive applications only and will not be accepted alone. All information must be completed for processing; incomplete information will result in delayed payment of the incentive. Details of this program, including incentives, are subject to funding availability and may change.

- > List all windows installed and write down window sizes to the nearest guarter of an inch.
- Please submit one item from each column below when applying for a window incentive:
