Customer Name and Signature

By signing below, Customer agrees to the terms and conditions of this application and authorizes Contractor identified below to submit this application and all required invoices and documentation to Energy Trust on Customer's behalf. By that authorization, Customer represents to Energy Trust that all measures have been completed satisfactorily by Contractor as of the signature date below and all accompanying documentation is complete and accurate. If Customer identifies as a landlord or property owner applying for a single-family rental property incentive, Customer affirms that they own and do not reside in the property. If identified as an Energy Trust instant incentive project, Customer understands and agrees that Energy Trust will issue incentive check for incentives that meet Energy Trust requirements to the Contractor and Customer is responsible for paying the remaining balance of the invoice.

Customer signature **Full name** (please print and use same name as on invoice) **Date**

Customer email address

Trade Ally (Contractor) Name and Signature

By signing below, Contractor certifies that this application and all accompanying documentation is complete and accurate, and all improvements associated with this incentive request were completed as of the signature date below. Incentives are payable to Customers only unless part of an instant incentive project. If identified as an instant incentive project, Contractor has shown instant incentive amount listed above as itemized discounts from Customer's invoice and agrees to the terms and conditions set forth in Form 372IN: Participation Agreement – Instant Incentives. To receive incentives, all work must comply with the Home Retrofit [Specifications Manual](#).

Contractor signature **Full name** (please print) **Date**

Contractor company **OCCB#** (Non-trade ally only) **Install date**

Limited-time Increased Incentives for NW Natural Customers

Residential and Existing Multifamily | Incentive Application | Form 320_{NWN}

Gas Furnace Incentives for NW Natural Customers¹ *Residence must be serviced by NW Natural and located within the Area of Eligibility on page 5. If residence is not serviced by NW Natural or is located outside of the Area of Eligibility, please visit energytrust.org to apply for this incentive.*

Upgrade type	Requirements	Incentive amount
<input type="checkbox"/> Gas furnace	Must be residence's primary heat source with AFUE of 90% or greater. Not eligible for gas furnaces used as backup for high-efficiency heat pumps, also known as hybrid systems. A CO monitor is required on every floor with a bedroom.	\$1000
ECM? <input type="checkbox"/> Yes <input type="checkbox"/> No	AFUE: %	Installed Cost: \$
Manufacturer:	Model:	Serial #:
What type of heating system did this replace? <input type="checkbox"/> Gas furnace <input type="checkbox"/> Electric furnace <input type="checkbox"/> Oil heater <input type="checkbox"/> Wood <input type="checkbox"/> Other:		
If additional upgrades were installed with gas furnace that qualify for Energy Trust incentives, please complete Central Air Conditioner Incentive and Smart Thermostat Incentive sections below.		

Central Air Conditioner Incentive¹ *One incentive per residence. Residence must be primarily heated by NW Natural, serviced by Pacific Power and located within the Area of Eligibility on page 5. If residence is not primarily heated by NW Natural, serviced by Pacific Power or is located outside of the Area of Eligibility on page 6, please visit energytrust.org to apply for this incentive.*

Upgrade type	Requirements	Incentive amount
<input type="checkbox"/> Central Air Conditioner	System must be a qualifying central air conditioner serving most or all of the home. Homes primarily heated with a heat pump do not qualify.	\$250
Central Air Conditioner Installed Cost: \$	New heating system installed cost (if applicable): \$	System Capacity (Tons):
Outdoor Manufacturer:	Outdoor Model:	
Indoor Coil Manufacturer:	Indoor Coil Model:	
Furnace/Blower Manufacturer (if applicable):	Furnace/Blower Model # (if applicable):	
Outdoor Unit SEER	<i>To qualify for this incentive, the air conditioner outdoor unit is required to achieve a minimum nominal rating 15 SEER as stated by manufacturer. For list of known qualifying units, please visit: energytrust.org/central-air-conditioners/</i>	
	Outdoor unit SEER per manufacturer (minimum 15):	Did this central air conditioner replace an existing central air conditioner? <input type="checkbox"/> Yes <input type="checkbox"/> No
Outdoor Unit and Coil EER	<i>To qualify for this incentive, the system's outdoor unit and indoor coil are required to achieve a minimum system rating of 12 EER per AHRI rating.</i>	
	Outdoor unit and indoor coil EER (per AHRI):	I have attached an AHRI certificate*: <input type="checkbox"/> Yes <input type="checkbox"/> No - list certificate number:

* Energy Trust requires the system adheres to AHRI configurations. If certificate indicates Thermostatic Expansion Valve (TXV) and/or Time Delay Relay (TDR) as necessary to achieve certified efficiency rating, the system will be quality checked under these guidelines.

¹ For multifamily residences, gas furnace, central air conditioner, insulation, gas fireplaces and windows must be installed in a duplex, triplex, fourplex, or side-by-side property (such as a townhouse or rowhouse).

If residence is not primarily heated by NW Natural or is located outside of the Area of Eligibility, please visit energytrust.org to apply for this incentive.*

Insulation type*	Max beginning R-value	Insulate to:	Quantity installed	Beginning R-value	Ending R-value	Cavity filled?	Installed cost	Incentive per sq. ft
Wall (includes rim joist and knee wall)	R-4	R-11 or fill cavity	_____ sq.ft. (total of all types)	R-	R-	<input type="checkbox"/>	\$	\$0.95
<ul style="list-style-type: none"> • If applying for multiple wall insulation types, provide beginning R-value of wall insulation type with largest sq. ft installed. • For rim joist insulation to qualify, must be insulated to R-15 or fill cavity. For knee wall insulation to qualify, must be insulated to R-15 for 2x4 cavities; R-21 for 2x6 cavities 								
Attic	R-11	R-38	sq.ft.	R-	R-	-	\$	\$1.25
Floor	R-0	R-30 or fill cavity	sq.ft.	R-	R-	<input type="checkbox"/>	\$	\$0.70

* Manufactured residences are not eligible for attic or wall insulation incentives. All exterior wall surfaces must be insulated to qualify for wall insulation incentive. Attic insulation must be R-19 or higher for knee wall insulation to be eligible for an incentive.

Insulation Incentives for NW Natural Customers¹ (Installed by a non-contractor) *Residence must be primarily heated by NW Natural and located within the Area of Eligibility on page 5. If residence is not primarily heated by NW Natural or is located outside of the Area of Eligibility, please visit energytrust.org to apply for this incentive.*

Insulation type*	Max beginning R-value	Insulate to:	Quantity installed	Beginning R-value	Ending R-value	Cavity filled?	Installed cost	Incentive per sq. ft
Wall insulation: 2x4 knee wall cavities	R-4	R-15 or fill cavity	sq.ft.	R-	R-	<input type="checkbox"/>	\$	\$0.95
Wall insulation: 2x6 knee wall cavities	R-4	R-21 or fill cavity	sq.ft.	R-	R-	<input type="checkbox"/>	\$	\$0.95
Attic (non-contractor installed)	R-11	R-38	sq.ft.	R-	R-	-	\$	\$1.25
Floor (non-contractor installed)	R-0	R-30 or fill cavity	sq.ft.	R-	R-	<input type="checkbox"/>	\$	\$0.70

* Manufactured residences are not eligible for attic or wall insulation incentives. All exterior wall surfaces must be insulated to qualify for wall insulation incentive. Attic insulation must be R-19 or higher for knee wall insulation to be eligible for an incentive.

¹ For multifamily residences, gas furnace, central air conditioner, insulation, gas fireplaces and windows must be installed in a duplex, triplex, fourplex, or side-by-side property (such as a townhouse or rowhouse).

////////////////////////////////////
Area of Eligibility

For questions regarding a residence's eligibility for Energy Trust's Limited-time Increased Incentives for NW Natural Customers, visit energytrust.org/nwnaturalpromo/ or contact us at 1.866.311.1811 or Residential@energytrust.org.

If you are not a customer of NW Natural or live outside of the Area of Eligibility displayed above, please visit energytrust.org to apply for Energy Trust incentives.

Terms and Conditions

APPLICATION: This application and any required additional documentation must be filled out completely, truthfully and accurately. Customers may wish to retain a copy of this application and any accompanying documentation submitted to Energy Trust under this program. Energy Trust will not be responsible for lost documentation pertaining to this application request. **The Residential and Multifamily programs must receive applications within 60 days after the date of installation.** Incentives offers are subject to funding availability and may change. **Incentive amounts are valid for installations through July 31, 2021. Please allow 4-6 weeks for incentive processing.**

ELIGIBILITY: Incentives listed in this application are available to eligible Customers who are Oregon residential natural gas service customers of NW Natural within the territory displayed on page 6. Final determination of eligibility shall rest solely with Energy Trust.

ELIGIBLE PRODUCTS: Products must meet Energy Trust energy efficiency specifications. These specifications may be found on the web at energytrust.org and are subject to change. If you, or your contractor, are not sure of the specifications, please call Energy Trust before proceeding.

WORK QUALITY: Outdoor temperatures may affect this verification process. Customer's home may also be selected for a quality control post-installation visit. No warranty is implied by this work quality verification.

PAYMENT: Incentives will be paid after: (i) completion and/or installation of the energy-saving measures, (ii) verification of the completion and/or installation of the measures, and (iii) timely submission of all required documentation of measures. Incentives will be paid directly to Customer unless submitted as an instant incentive project. Instant incentive projects will be paid to the contractor.

PROOF OF PURCHASE: The invoice documentation accompanying this application must **itemize** the products purchased and/or work performed. This proof of purchase must show a description of any installation or other labor charges, and the invoice is paid in full. Instant Incentive projects must show deduction as line item(s) on invoice billing the customer.

INCENTIVE AMOUNT: Incentive amount cannot exceed total installed cost. Incentives for energy-saving measures completed and/or installed as set forth in documentation accompanying this application are limited to the amounts provided by Energy Trust. Such amounts are subject to change. Current incentive amounts are identified on the web at energytrust.org. Contact Energy Trust with any questions.

TAX LIABILITY: Energy Trust is not responsible for any tax liability, which may be imposed on the Customer as a result of payment of any incentives or as a result of obtaining financing. Energy Trust is not providing tax advice, and any communication by Energy Trust is not intended or written to be used, and cannot be used, for the purpose of avoiding penalties under the Internal Revenue Code.

FACSIMILE/SCANNED: Facsimile transmission of any signed original document, and the retransmission of any signed facsimile transmission, are the same as delivery of the original signed document. Scanned original documents transmitted to Energy Trust as an attachment via electronic mail are the same as delivery of the original signed document. At the request of Energy Trust, Customer shall confirm documents with a facsimile transmitted signature or a scanned signature by providing the original document.

SAFETY AND BUILDING CODES: Customer and contractor represents that, with respect to the products and work performed identified in the documentation accompanying this application: (i) all products installed and work performed complies with all federal, state and local safety, building and environmental codes, and (ii) products are UL listed, if applicable, and installed per manufacturer's instructions.

NO ENDORSEMENT: Energy Trust does not endorse any particular manufacturer, contractor, or product. The fact that the names of particular manufacturers, contractors, products, or systems may appear on this application does not constitute an endorsement. Manufacturers, contractors, products or systems not mentioned are not implied to be unsuitable or defective in any way.

PROPERTY RIGHTS: Customer represents that Customer has the right to complete and/or install the energy-saving measures on the property on which those measures are completed and/or installed and that any necessary landlord's consent has been obtained.

ACCESS AND EVALUATION: Energy Trust and/or its representatives may request access to the property on which energy-saving measures have been completed and/or installed and may review and evaluate the project during and after completion. Customer agrees to provide reasonable access to the property for the purposes described herein.

DISCLAIMER/NO LIABILITY: Customer understands that, while Energy Trust may provide Customer with an incentive payment, Energy Trust is not supervising work performed for Customer nor is Energy Trust responsible in any way for proper completion of that work or proper performance of any products purchased. Energy Trust is simply providing funding to assist Customer in implementing energy-saving measures. Customer assumes the risk of any loss or damage(s) that Customer may suffer in connection with installation of the measures. Energy Trust does not guarantee any particular energy-saving results by its approval of the application or by any other of its actions.

ENERGY INFORMATION RELEASE: Customer authorizes Energy Trust and the contractor signing this application to access utility energy usage data relating to the property on which energy-saving measures have been completed and/or installed. To do so, Energy Trust may access the electric and natural gas accounts and thermostat usage information at the physical address of the project, and the contractor may access thermostat usage information at the physical address of the project. Customer agrees to provide reasonable assistance to Energy Trust to obtain such information. Customer also authorizes the contractor signing this application to share information about the Customer's thermostat system, including, without limitation, thermostat usage information, with Energy Trust.

INFORMATION RELEASE: Customer agrees that Energy Trust may include Customer's name, Energy Trust services and resulting energy-savings in reports or other documentation submitted to Energy Trust, its Board of Directors, the Oregon Public Utility Commission, Oregon Department of Energy, Oregon Housing and Community Services and/or the Oregon Legislature. Energy Trust will treat all other information gathered in evaluations as confidential and report it only in the aggregate.
